

## PRODUCT DESCRIPTION AND APPLICATION

### Product Description

**Rosneft Kinetic TM-3-18** is a mineral transmission oil produced with multifunctional additives.

### Application

**Rosneft Kinetic TM-3-18** is intended for all-season use in KAMAZ trucks and other types of transmissions with cylindrical, conical and spiral bevel gears. It is also intended for use in gear drives of traction reducers and other friction units of locomotives, where Tap-15B transmission oil is required.

## APPROVALS AND SPECIFICATIONS

### International specifications:

API GL-3

## BENEFITS

- A balanced additive package provides a necessary level of protection against wear of gears and bearings under moderate temperatures and contact loads;
- Developed in full compliance with the requirements of the global transmission manufacturers.

## PACKAGING

20 L, 216.5 L, 1000 L

## Typical physical and chemical properties

Parameter	Test method	Rosneft Kinetic TM-3-18
Kinematic viscosity at 100°C, mm <sup>2</sup> /s	ASTM D445	14,6
Viscosity Index	ASTM D2270	97
Flash point, COC °C	ASTM D92	226
Pour Point, °C	ASTM D97	-30
Corrosiveness to Copper	ASTM D130	1c
